

SODA OVAL

by Yiannis Chikas

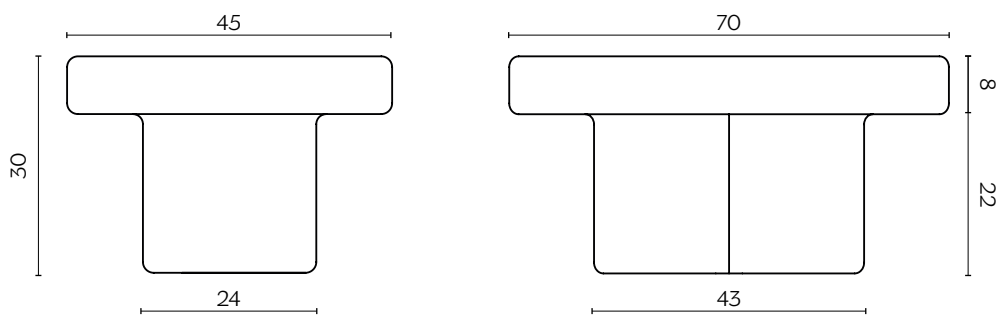

Stelo più, stelo meno: qui Soda ne ha solo due e il suo top assume una forma allungata. Liscio come una tavola da surf, richiama la fluidità del design francese anni Cinquanta, ma con la nostra voce bold. Da solo è affascinante, ma è nelle composizioni che rivela il suo lato giocoso, spezzando la staticità delle forme più basiche.

Give or take a stem or two: this time Soda has only two stems, and its top takes on an elongated shape. Smooth as a surfboard, it evokes the fluidity of 1950s French design, but with our bold voice. On its own it is enchanting, but in compositions it reveals its playful side, breaking up the inertia of more basic forms.
